We, the Class of 1967, gratefully dedicate our Yearbook to

Mr. Richard Daley

Mr. Daley commands the respect of faculty and students alike by his progressive and efficient outlook on education and sports. Many a hidden talent and ability have been brought to light under his guidance.

We hope that our 1967 Yearbook will reflect more of our potentialities and be a tribute to him. Thank you, Mr. Daley.

Class History of 1967

In September 1963, the class of 1967 entered Littleton High School with fifty-eight girls and fifty-six boys. Elections found Jeff Ordway leading the way as President. Under his direction were Daryl Lord, Vice President; Mary Beth Nute, Secretary; and Wanda Wright, Treasurer. Our Student Council Representatives were Pam Cushing and Dave Monahan.

For Class Advisors we were fortunate to have three very patient teachers to guide us through our first year as high school students; Mrs. Hall, Mr. Leone, and Mr. Matson. In December we observed an administration change. Mr. Arthur Kenney, whom we referred to as King Arthur or The Great White Father, and who was well liked and respected in the short time that we knew him, was replaced by Mr. Paul Henry. In March we lost one of our class advisors, Mr. Matson, to Uncle Sam.

For our only dance of the year, we sponsored the St. Pat's, spending an evening in the "Land of Leprechauns." Being pea green Freshman was quite an experience and one we will never forget. Neither, will our teachers, no doubt! As we entered our super Sophomore year, there were fifty-five girls and fifty-five boys with one year of high school behind them. Jeff Ordway was again chosen as President, with Dennis MacKay as Vice President, Beth Nute as Secretary, and Wanda Wright as Treasurer. Delight Wing and Dave Monahan were Student Council Representatives.

Our Class Advisors were Mrs. Hayden and Mr. McLellan, both of whom have since left. We must have been too much for them! This was the year that we all struggled through Biology with Mr. Daley and English with Mrs. Hayden. As is traditional, as Sophomores we were responsible for the Sadie Hawkins Dance. For this dance, we showed the originality that we still possess by having the Checkmates from the University of New Hampshire to play in our "Hill Billy Hollow." At the year's end we all counted our blessings at having passed, but looked back in sorrow to another year which was gone.

During the Junior year we progressed from young and confused children to responsible adolescents. The class again decreased in size, with forty-eight girls and forty-two boys. Class elections saw David McLure elected President; Greg Wells, Vice President; Jane Conway, Secretary; and Sarah Carbonneau, Treasurer. In the Student Council, Dave Monahan was elected Vice President by the student body; Delight Wing and Wanda Wright were our class representatives. Mr. Hayden, Mr. Daley, Mr. Lavoie and Mr. O'Connor had the task of advising us.

We sponsored several events during the year. In December we had a dance and a class supper.

Early in 1966, we began planning for the biggest social event of the year, the Junior Prom. During the middle of our planning, L.H.S. was hit by the "Bomb Scare." Who said things were dull! Greg Wells and Chris Ball, as co-chairmen of the Prom, coordinated the activities of the committees working diligently on all our plans. The Barbary Coast Orchestra chose Jo Sullivan as Queen to reign over "An Oriental Evening." As our wonderful Junior year drew to a close, we left U.S. History happily but realized that time was passing much too fast.

September, 1966, last but not least, our Senior year! For the final year at L.H.S., Greg Wells was elected class President, Dennis MacKay, Vice President, Susan Whitcomb, Treasurer, Linda Tuite, Secretary, with Delight Wing and Brian Weeks as Student Council Representatives. As is traditional, the President of the Student Council has to be a senior. Jeff Ordway was elected to fulfill the post. Class Advisors for the year were Mr. Daley, Mr. Lavoie, and Mr. Twomey.

The class of 1967 now consists of eighty-four, the smallest class to graduate in five years. It does not seem possible that we started out four years ago, with one hundred fourteen. This is the year when the jolly old seniors sponsored the class supper in December, and the Christmas dance, with the theme, "A Christmas Evening," music by Roger Fillion and his orchestra on December 22. Returning from Christmas vacation, the homeroom representation bill was passed by the student body; Room 24 elected Sandy Wilson and Junette Richey with alternate Janet Peabody; Room 26, Lauren Howard and Mary Beth Nute with alternate David McLure; Room 28, Chris Ball and Peggy Flanagan with Steve Albee alternate. This rounded out senior class representatives.

During the week of January 23, the second Winter Carnival in as many years, was held. In the snow sculpture division the Senior class took third place with Humpty Dumpty. With all this, we still managed to win a strong second place. At the carnival ball the Senior class was represented by Kathy Maguire and Bernice Latulip as Queen candidates.

June 16, is the big day when all seniors take their last look at L.H.S. The four years which we have spent here have been most enjoyable, and we will look back with fond memories, and we will often relive them in memory.

We the Class of 1967, would like to thank all those teachers who helped us obtain our diplomas and we wish them the very best of luck in the future. Goodbye Littleton High School and Thanks!

Winter Carnival — 1967

On Friday afternoon January 27 the Winter Carnival events were held at Remick Park. There was a good turnout from the beginning to the end and everyone appeared to have a good time.

The first few events were won by the Senior class with the Juniors close behind. The Seniors continued to monopolize most of the victories, but the Juniors dropped behind the surging Sophomores. At 5:30 when all the events were over the scores of each class were: Seniors 24 points, Sophomores, 23 points, Juniors 15 points, and the Freshmen 5 points. In the Junior High the scores were: 8th grade, 10 points; and the 7th grade, 8 points.

The sculpture winners were as follows: The Sophomores BIG CHEESE, a mouse on a hunk of cheese first followed by the Juniors' Higher Education Humpty Dumpty by the Seniors, and the Freshmen Igloo.

At the end of the day, the final results were: Sophomores 39 points, Seniors 28 points; Juniors, 21 points; and the Freshmen, 7 points.

Individual winners were: 100 yard snowshoe race—David Monahan, S., Egg throw—Greg Wells and Dave Kittridge, S., Two legged snowshoe slalom—Don Merrill and David Monahan, S., Potato Sack race—Greg Cascadden, S., Six-man toboggan race—the Seniors, Broom hockey—Junior class, and Cross-country snowshoe race—David Monahan.

The Winter Carnival was climaxed by the crowning of the Queen at the Carnival Ball. Cammy Porfeco from the Sophomore class was chosen Carnival Queen. Those competing for Queen were Kathy Gallen, Janet Knight, Claudine Hough, Debra McKenzie, Lois King, Kathy McGinnis, and Bernice Latulip. The trophy received by the Queen went to the Sophomore class. Tally Harris from the 8th grade was chosen Carnival Princess. Her court consisted of Debbie Rich, Brenda Thompson, and Sharon Rich.

Despite the unfavorable snow conditions the Carnival was a tremendous success and the student council should be congratulated for its hard work and fine planning.

This is a letter in part received from the New England Tel. and Tel. Co.:

"One month ago we conducted our first Telephone Executive Leader for a Day TELFAD program in this area. It was the opinion of the participating telephone people that the program far exceeded our expectations. The comments of the students led us to believe that they too found the experience to be most worthwhile.

The Littleton High School students who participated with us are pictured above.

I am grateful to you and your faculty for selecting such fine representatives."

VARSITY FOOTBALL

The Littleton High School Crusaders started their 1966 season on the right foot by defeating Kennett High Eagles 34-0. Then Littleton traveled to Wintonboro, N.H., to play Kingswood Regional. We won 27-6. The following Saturday the Crusaders were scheduled to play Hanover, but due to wet fields at Hanover, the game was postponed until the following Monday. Littleton suffered its first defeat of the season at Hanover, losing 30-7. The following week the game was at home where the eventual Division IV champs, Franklin, had to come from behind to tie Littleton 6-6. On October 15 the Crusaders were beaten by Berlin 14-0. Then Littleton traveled to Newport, N.H., to play Towle High. Again it was the opposition which had to scramble to tie the Crusaders, and that is how the game ended 22-22. For the annual Crusader-Bobcat rivalry, Littleton traveled to Exmouth. Injury-ridden as the squad was, we still played the best we could. But the injuries took their toll, with Plymouth beating Littleton 22-8.

Injuries played a major role in the Crusaders' season. From the first game to the last, one or more starters were out on injuries. With this in mind, it is apparent that the Crusaders never really reached their full potential.

Every year, the coaches of all the divisions get together to pick an All Star team. This year, Littleton was proudly represented by Brian Weeks and Mike Trudell. **Brian, a senior, was made all-star offensive tackle.**

A new award at Littleton High this year was the L. W. Enderson Trophy. It will be awarded annually to the senior boy who displays the greatest degree of football ability and whose true desire strives for football excellence. This year **it was awarded to a deserving athlete, Greg Wells.**

The twelve seniors who ring down the curtain on their football days at L.H.S. are Steve Allbee, Mike Boulay, Creg Cascadden, Bill Cere, Barry Johnston, Dave Monahan, Jeff Ordway, Bill Poston, Bill Riley, Russ Trudell, Brian Weeks and Greg Wells. The seniors would like to wish the coaches, Mr. Sarausky, Mr. Millen and next year's squad the best of luck.

TWO LHS CRUSADERS ALL-STATERS

On November 19 at Plymouth High school the eight coaches in Division 4 met to select an All-State team and set up the 1967 schedule.

Brian Weeks, senior tackle for the Littleton High Crusaders was selected on the offensive team as a tackle. Mike Trudell, a junior, was selected on the defensive team as a middle lineman.

Weeks and Trudell were both standout linemen on the 1966 Crusader team which finished the season with two wins, three losses and two ties. The LHS team and coaches are to be commended for doing a fine job.

1966 FIELD HOCKEY

The 1966 Girls' Field Hockey Team finished up the season with two wins, four losses and one tie. Although the girls were young and new to the game, they gained experience which will help them next year. Senior Sacha King leaves her stick with best wishes along with the Record Staff to Mrs. Bouley and next year's team with hopes for a very successful season ahead.

Although this year's team failed to equal the undefeated season of the 1965 team, its record was a great improvement over last year's record of 4 wins and 7 losses. Since there were only 3 seniors on the squad, next year's team should have little difficulty in further improving the record.

THE LITTLETON HIGH SCHOOL SKI TEAM 1966-67

The Littleton High ski season started off rather late this year due to a definite lack of snow with pre-season practice being limited to soccer and running in the Park.

The lack of experience was Coach Richard Daley's prime concern at the onset but once actual on-snow meets were held the team showed some positive capabilities by winning the first Alpine meet of the year, here at Cannon Mountain. Throughout the year the team placed well, winning a Lyndon Nordic Meet and third place at the Berlin Carnival.

The alpine squad was paced by co-captain Dave Monahan, Perry Moulton and Quint Boisvert, each placing well in most every race. On the langlauf side consistent strong running co-captains Bruce Tuite, John West and Monahan squeaked the team by in many instances. On the Jumping side, Dave Monahan continually placed well with Dave Green making frequent surprise finishes in Littleton's traditionally weak event.

Prospects for next year look good, with the junior program in jumping bound to help those young jumpers coming up.

The team will find itself without Monahan and the invaluable assistance of Don Merrill and their super-manager, Barry Johnston.

Varsity Basketball

The Littleton High Varsity Basketball team under the direction of Coach Steve Bamford closed the '66-'67 season with a record of eight wins and ten losses.

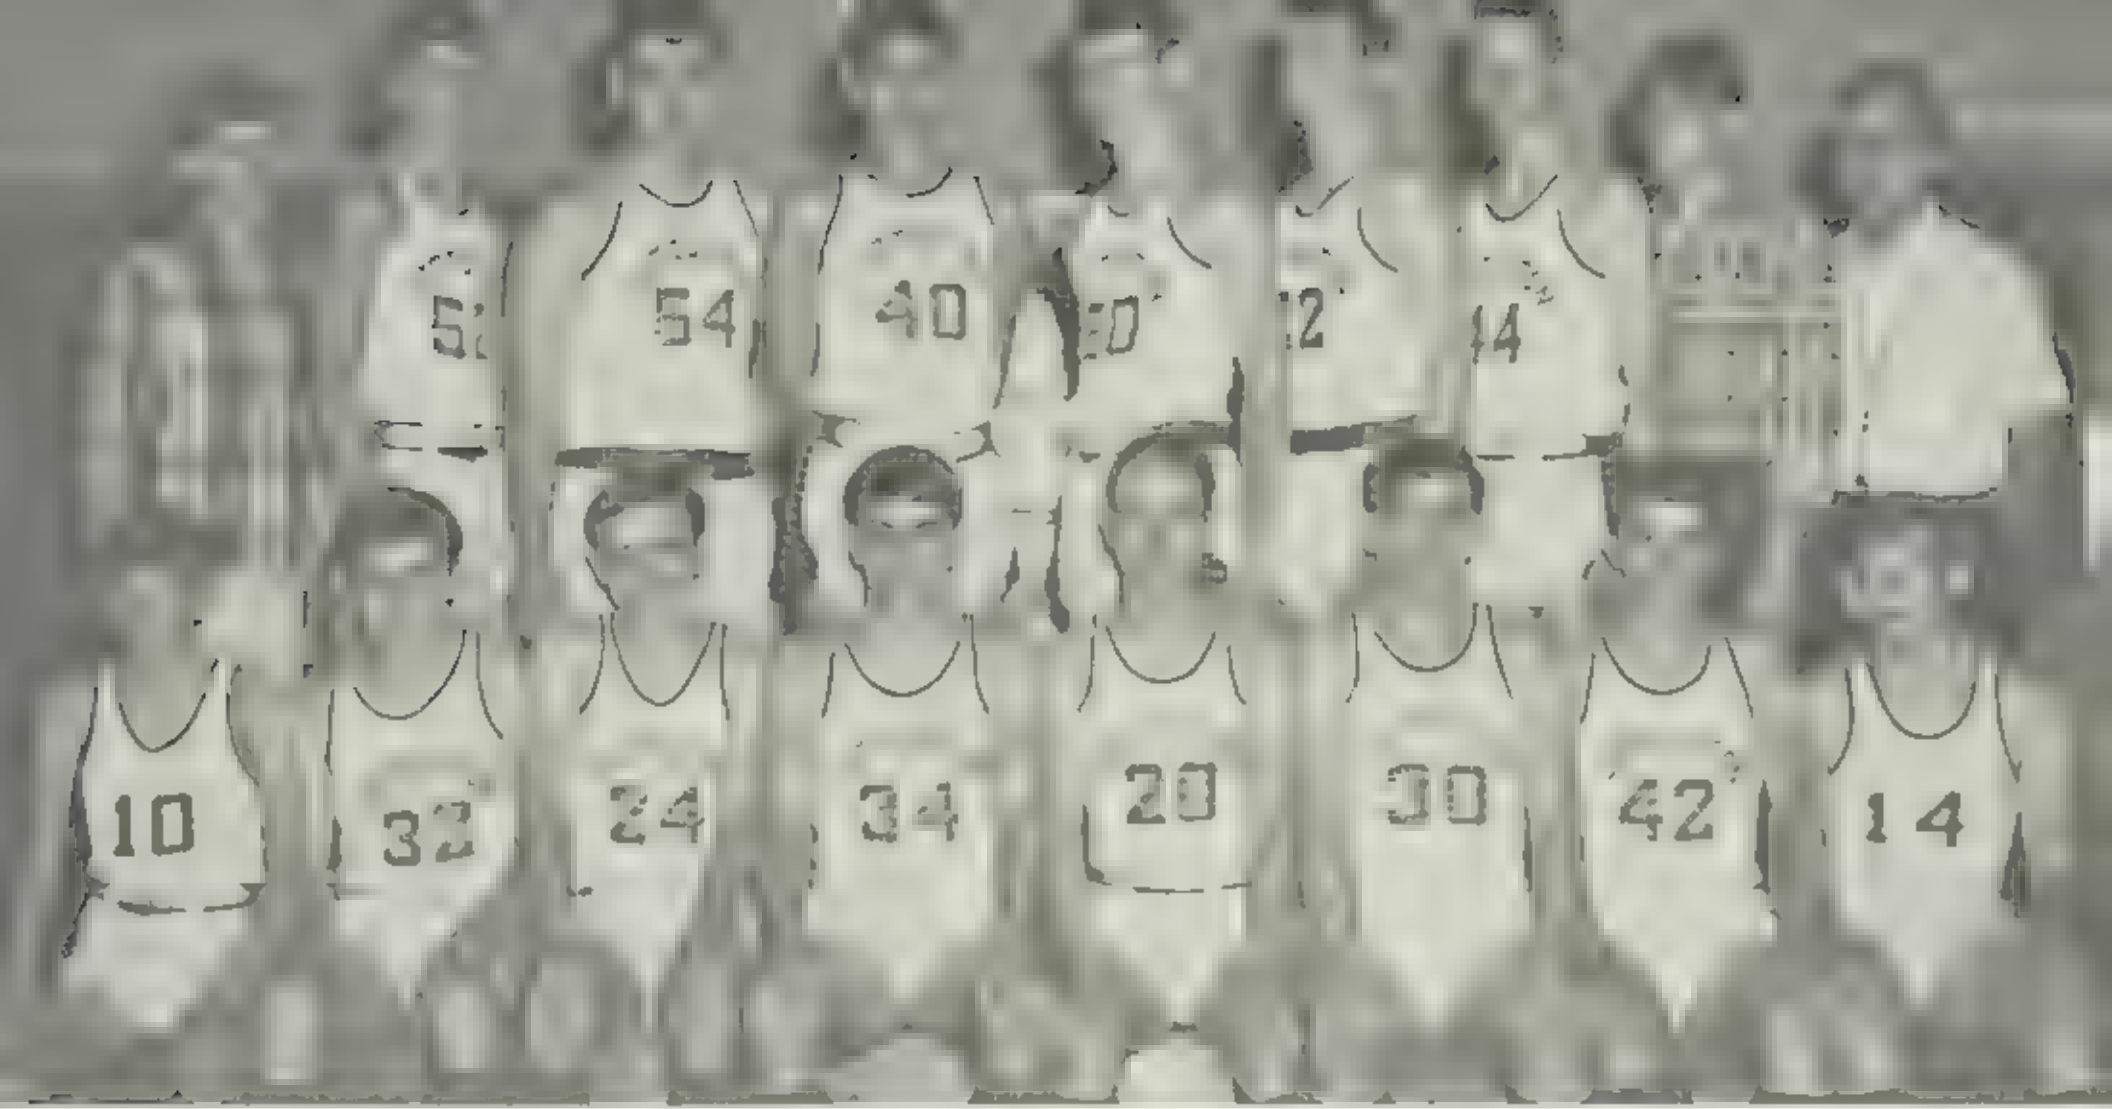

Only the top eight teams were in the Class 'I' playoffs and Littleton needed a win against their arch rivals, the Kingswood Knights of Wolfeboro, N.H. to guarantee an eighth place position. The game down in Wolfeboro ended with Littleton on top. In Littleton the game was close all the way. When that game ended, Kingswood came out ahead by one point.

Prospects for next year look quite good, although the team will be minus the following seniors: Co-captain Jeff Ordway, co-captain Dennis MacKay, Greg Cascadden, John Parker, and John Simon.

The Class of 1967 would like to wish the coach and team of 1967-'68 the best of luck.

JUGGERBALL

Juggerball was introduced to LHS and the world in early November of 1966. Designed and developed by two Seniors, Dave Monahan and Don Merrill, the game, a combination of assorted sports, is being played on a semi-intramural basis with some 35 boys on four teams.

Work is now being done to get this fantastic new sport to a larger audience, through the efforts of the World International Congress of Juggerball with Mr. McFarland as Commissioner.

The school was able to examine closely the sport at the exhibition contests staged in March.

The teams and players are—Teddy-Jeeps: D. Monahan, D. Merrill, co-capt., B. Riley, C. Cascadden, D. Kittridge, D. Gamelin, and D. Whitcomb.

Class Prophecy

As the image in the crystal ball becomes clearer, we find the faces of our former classmates coming to us from all over the universe.

Many members of our class have taken up traveling. Those who have really traveled are DAVID McLURE and MICHELE BUSHWAY, with WANDA WRIGHT close behind. DAVE has gone to Mars, where he is opening a new field of science and it is rumored that WANDA may leave her biology studies at Dartmouth to assist him. MICKEY, due to the shortage of flags, was drafted by the Russians as an astronaut. So, as we look at the moon at night, we see a small red spot, that's George. Another traveler, but not quite so far away is SALLY JACKMAN, who is now in the Amazon Jungle doing research on the origination of the tsetse fly.

We also have one of those door-to-door salesmen. LAUREN HOWARD, because of his experience at trying to convince people, is now in Northern Alaska trying to convince the Eskimos that they need refrigerators.

SUSAN WHITCOMB and JUNETTE RICH-
EY were highly interested in higher education and therefore started an all boy school in Massachusetts. They say they're having a wonderful time. But they are facing stiff competition in JOHN PARKER'S sports club, which attracts many of SUE'S and JUNETTE'S students; though we see that JOHN is secretly enrolled in the school's night course. NILA CAMPBELL was also interested in education and so she tried teaching, but decided that she would like a more enjoyable profession; she is now the chief candy taster at Hershey's Chocolate Company. Another teacher is BONNIE DANIELS, who because of her love for history is now the professor of American history at one of the country's leading colleges. JANE CONWAY is the first girl to go to Harvard; and she is there as a cook in the school's cafeteria.

There are several sports-minded people in our class. JEFF ORDWAY, because of his great leadership ability in high school basketball, is now the boss of the Boston Celtics private laundromat. BILL RILEY is playing football for Notre Dame. He is the end b.w. That is the bench warmer at the end. There are a couple of girls who are trying out for the Olympic team. DELIGHT WING is trying out for the volleyball team and everyone is skeptical of her making

it. But NANCY DUVAL, with her GREAT? ability to talk loudly is trying out for the Olympic cheering team and she is sure to make it.

Some of our former classmates went into business for themselves. PAUL PERRY and PETER SANBORN decided to bring something different to the North Country. They started their very own Playboy Club and its membership is the largest in the entire North Country. As a great guy for catching girls, CREG CASCADDEN was hired to find and hire bunnies for PAUL'S and PETER'S club. DIANE COTY, because of her liking for bookkeeping practice sets, is now manufacturing them. These sets are said to be even more difficult than the ones she struggled through. JENNIFER QUIG is in the insurance business and her most important customers are those that her father prefers not to insure. BARRY JOHNSTON is now running his very own meat market and it is simply marvelous. It's the only meat market with easy chairs and a bar—ice cream bar, that is—to make waiting easier.

We have a few members of the class who went into the music field. FRANK GRAMMO and JACKIE MARTIGNETTI are both playing in Lawrence Welk's orchestra. FRANK plays the violin and JACKIE plays the harp. DAVID BALLOU fixed his guitar and MIKE BOULAY fixed his drums from their last adventure and they plan to play GO-GO 1970. MARY BETH NUTE has started her own band; it's an all clarinet band because that is the only instrument that she could teach her new members to play. The one member of the class who thought she could really sing, SANDY GREENWOOD, is now in Marineland, California, trying to teach walruses to sing and dance. At the opening of the latest Canadian opera, the wild damsel is being played by DONNA LEE and everyone is waiting to see who will be the big strong hero. In Hollywood we find quite a few of our former class doing pictures and TV programs. In the movies, for instance, is ELEONORE GOODWIN, who became a great actress and decided that her middle name would be a good movie name. Be sure to see Willy Jane Goodwin in WHAT EVER HAPPENED TO WILLY JANE. PAULA DOVHOLUK and MEG MILES are also crashing Hollywood. They are common news in the daily write-ups of director's BRIAN WEEKS' parties. Last week there were only two raids. On TV ALLEN SUTLIFF, with his great

acting ability is now playing the robot on "Lost in Space". TINA CHILDS is in the same field only she is behind the scenes; she is the chief member of a giggler-machine. DAVE MONAHAN and KATHY LITTLE both have their own TV programs. DAVE is doing an educational program in his usual manner for conducting classes; but we see that the program is being advertised as a comedy. KATHY'S program is called "MEN" and it covers the subject very well. BILL POSTON is also a director, except he is in Italy. His pictures are world famous because of the mod clothes that the actresses wear. His head designer is DEB WHITNEY, who because of her great ability to sew has just finished her new creation—it's called "the belt".

There are a couple of beauty queens from the class. DEBBIE McNULTY and LINDA TUIITE are both trying for the same Miss World title. DEBBIE is from West Overshoe and LINDA is from East Overshoe.

Speaking of titles, we have two title makers in our class already. SHERRY KING is, at the present moment, swimming the English Channel. To complicate it she has attempted this feat with a chicken leg in her mouth. DARYL LORD is another title holder; she has just won the title of the fastest typist in the world.

Some of our class were very interested in politics. FRED JUDGE, for example, is now running for the street cleaner of Sleetmute, Alaska. SARAH CARBONNEAU, with her great ability to write, is now in the process of writing the inauguration address of the man who hopes to win the presidency of 1992.

Most of the girls in our class entered the same profession, that of housewives. PEGGY COREY, PEGGY FLANAGAN and BERNICE LATULIP, who at one time were competing with one another to see who would walk down the aisle first, are now competing for the largest family. BRENDA MITTON changed her name from MITTON to GLOVE. Nothing like keeping it in the family. CHRIS BASSETT finally married her soldier boy friend and they are stationed in Greenland. Hope she's having fun! SUE MacDONALD and her hubby are probably the most famous of the town's married couples. They recently appeared on the Newlywed Game; and as it turned out, they knew each other fairly well, they scored a perfect zero.

Employees of different factories are common in our class. DANNY EMERSON was a guinea pig for Metrecal, testing a new eggnog drink; at last report DANNY still had his job. NANCY WOOD, because she speaks so softly is testing

tape-recorder sensitivity at one of the country's leading manufacturers. BILL CERE, because of his height is now the assistant to the assistant light bulb changer at General Electric Company. DAN WHITCOMB, because of his great driving ability, is now testing bumper cars at Coney Island. STEPHEN ALLBEE joined General Motors and that same year the company suffered its greatest loss. CARROLL SANTY, with all his experience at clock watching, is now in a clock factory making sure they all keep the right time. CHUCK WHITTIER, because of his clowning ways, joined a circus; he is selling popcorn at Barnum Bailey Circus. DON MERRILL, because of his experience at being quiet, is now employed at Pillsbury Funeral Home. JACQUES GOULET, a faithful reader of every issue of TIME, is now proof-reading copy before it is printed.

No one in the class made president of the United States, and the country doesn't know how lucky it is. But there were presidents and managers of other areas. ANGELA DEROSIA, because she spent so much time at Corey's Sweet Shop, is now the manager of the jute-box. SYLVIA CASEY became the assistant editor of New Hampshire's leading newspaper and seems to be getting along great with the chief man; neither one seems to like anybody. CHRIS BALL became manager of a fertilizer factory in Timbuktu, and due to all the fertilizer floating around in the air, his hair started to grow. He is the greatest guy around! SUZANNE McAVOY is now the owner of her own hotel and the annual Garden Club Convention is held there each year. JOHN SIMON, because he gets along so well with people is now the president of the Lonely Hearts Club. THERESA WHIPPLE is back to Newberry's but she is more important now; she now owns it and its new name is J. J. Whipple's. GREG WELLS, as our senior class president, carried on in that line and in college is the president of his fraternity's kitchen.

LOLLY GAWEL started experimenting in farming and successfully eliminated the middleman and is now getting milk from the grass. ETHEL MANSEAU is using her old friendship with LOLLY to get the milk for the Lotta Rock Dairy, which she now owns. DENNIS MacKAY, with his ability for laying down plans for anything, is now planning a new sewage system for New York City. KATHY MAGUIRE, because of the knowledge she has of the paper dress, is now trying to develop a paper that will not tear. PAM CUSHING has such good balance that she is contemplating a publicity stunt of walking a tight-rope across Niagara Falls.

Our two shorties both have good positions. MARY DAILEY has continued to work for Job Corps, and her position has heightened since she consumed an enormous amount of vitamins which now enables her to reach and sufficiently clean the top panes of the windows. DENNIS BERGERON did not grow any taller, consequently he is now in Africa painting the ceilings of pygmies' huts.

JANET PEABODY, PAULA TANN and SANDY WILSON are still in good yelling voice and all are working at the Grand Canyon as people's echoes.

Several went into law. BARBARA COREY joined her father's law firm and she is now investigating the case of the missing pencil sharpener—her father's. BILL LABONTE, because of all the experience he gained in business law, is now teaching his fellow inmates at San Quentin a law course. Another business law student, CRAY BALL is now employed in a local court-

house as assistant janitor. BUTCH SMITH, who knows all the tricks of the trade, is now Littleton High's best truant officer.

DAVID KITTRIDGE became a historian and his first book is titled "THE HISTORY OF DAVID KITTRIDGE". The critics say it is a little unbelievable. RUSS TRUDELL, with all the experience he gained in English, is writing a book. It is called "HOW TO ENJOY ENGLISH". It is sure to be on the top ten list.

Finally we see DALE BOLDUC and BARRY BASSETT who are really different from all the rest. DALE joined the armed forces and attends a military academy where he was recently elected Dream Girl of the Military Ball. BARRY, due to a miraculous wonder of luck, is now a tycoon enjoying the many pleasures of Tahiti.
